Our vision

CREATE MENTALLY HEALTHY WORKPLACES AND INSPIRE HEALTH CREATION IN BUSINESSES.

“Everyone has mental health in the same way as everyone has physical health. With Hong Kong as a leading Asian business hub, CMHA HK believes Hong Kong businesses can play a leading role in raising awareness, devising strategies and sharing best practice on mental health and wellbeing in the workplace. Our vision is to help workers at all levels talk about mental health without fear of stigma. We wish for mental health to be considered as a boardroom issue and to be recognized as a critical lever of any company’s ability to optimize business performance, manage risk and safeguard social and societal responsibilities.” - Edward Moncreiffe, CEO HSBC Life (International) Limited and Chair, CMHA HK Board

WE BELIEVE WORKPLACES SHOULD BE PLACES WHERE MENTAL HEALTH AND WELLBEING:

- ✓ is no longer stigmatised
- ✓ is a boardroom priority
- ✓ are part of the solution to mental health issues faced globally

WHO WE ARE

The City Mental Health Alliance Hong Kong is a not-for-profit membership organisation. We are an alliance of businesses, working together with mental health experts and partner organisations, to achieve our vision that every workplace will protect, support and create positive mental health for their people. We provide locally relevant training and resources to member and non-member organisations and undertake research within our region. We bring our members together to collaborate and share best practice via a range of events and working groups. Our Board is comprised of representatives from our member companies and we are advised by experts.

Areas of Focus

The [CMHA HK Guide to Thriving at Work](#) is a framework adapted by CMHA HK members to suit local business conditions and support the development of strategies that underpin mentally healthy workplaces. We use this framework to inform our key focus areas outlined below.

Research & Data Collection

CMHA HK is committed to supporting its members and the broader community with insightful research such as our [Analysis of the Economic Costs of Mental Ill Health](#) and a series of [employee wellness surveys](#).

The Thriving at Work Self-Assessment is a benchmarking survey based on the Guide to Thriving at Work standards. On completion of the survey, organisations receive an individual company report and 1:1 feedback session. The survey is a CMHA HK member benefit but also available for non-members at a cost. Please [contact us](#) to discuss further.

Toolkits & Resources

We create a number of member-only and publically available toolkits and resources on topics related to mental health and wellbeing in the workplace. Some of these include:

- [CMHA HK Guide to Thriving at Work](#): a framework to support the development of a workplace mental health strategy
- [‘How to’ Guide series](#): stepwise guides to support the implementation of key workplace mental health strategies and initiatives
- [Case Studies](#): CMHA HK member case studies showcasing initiatives implemented by our member organisations
- [Expert Series](#): interviews, factsheets and recorded video clips with experts on a range of topics
- [Storytelling Series](#): using the power of storytelling to share lived experiences of mental health issues to educate, inspire and break down the stigma around mental health in the workplace

Training

Our training content has been developed with input from CMHA HK members and experts from other mental health organisations to create modules and resources which meet the needs of corporate environments.

Training sessions and resources are offered in English, Cantonese and Mandarin and are available for member and non-member organisations. Most modules can be delivered within a ‘lunch & learn’ timeframe.

Visit our [Training page](#) for detailed information on training modules and pricing.

Events

CMHA HK hosts a number of member-only sharing sessions, workshops and global webinars throughout the year. Topics are based on the Guide to Thriving at Work and discussions are led by CMHA HK members. Please see below for our 2022 themes.

We also partner with global and local events and conferences and use these as a platform to showcase CMHA HK work.

CMHA HK Membership Responsibilities

The City Mental Health Alliance Hong Kong is led by members and guided by experts. Our members are responsible for driving the vision and strategy of the organisation.

In addition to the membership fee, we ask that our members:

- Commit to the promotion of mental health and wellbeing within their organisation
- Assign a senior sponsor and operational lead as primary contact for the CMHA HK
- Actively participate in the CMHA HK program of events, surveys and the Thriving at Work self assessment
- Be prepared to assist CMHA HK in the hosting of member events

Membership Fee: \$90,000 HKD per annum

We welcome the opportunity to discuss further and look forward to hearing from you.

“We appreciate the support we have received from CMHA HK so far. The advice and training provided by the team has helped tremendously in formulating and implementing our mental health policy and strategy. We look forward to the continued partnership with CMHA HK to help take our effort to the next level.”
